£1,000 in Year 4 of a full-time integrated Master's programme (or Year 5 of a sandwich Integrated Master's programme)

The bursary is not payable in the Placement year. Students receiving the BULB will be automatically eligible for an Unpaid Placement Bursary if they take an unpaid placement.

The Bursary will be paid once for each eligible level of study, subject to normal progression criteria having been met (additional payments will not be made during a repeating year, regardless of the reason for repetition).

How many: 208 bursaries are available. 8 bursaries are funded by alumni donations, the remaining bursaries will be funded by the University.

Application process: There is no separate application, all students will be considered for the bursary automatically based on the information supplied in their course application. Awards will be made by the Allocation Panel in early September, following publication of the UK examination results.

We are not able to make any awards after the Panel meet in early September.

Bursary holders may be requested to represent Brunel at various promotional activities throughout their time at the University. Participation is not mandatory and bursary holders may be contacted with invitations to participate in activities such as surveys, focus groups and interviews, in order to evaluate the University's financial support package. Bursary holders will be contacted as and when participation is required. If a student chooses not to participate, their bursary award will not be affected.

Data pertaining to bursary holders such as: progression rates, degree attainment, degree completion, and graduate outcomes may also be analysed in order to understand the effectiveness of bursaries and scholarships. This data may also be linked to other data already held by the University for the purpose of better understanding the impact of bursaries and scholarships on under-represented groups. To learn more about how the University uses data to support its commitment to delivering positive outcomes to students from under-represented groups please visit our [webpage](#).

3.4 Only one scholarship/bursary can be paid to any one student in any one year with the exception of the Care Leaver Bursary and the Life Long Learning Bursary.

3.5 If an applicant is eligible for more than one scholarship/bursary, they will be awarded the one which will be the most financially beneficial across the full course duration.

3.6 Where the number of applicants who meet the criteria exceeds the number of bursaries available, the number of points scored from the under-represented criteria met will be taken into consideration (as detailed in these terms and conditions).

3.7 Awards will be made by the Allocation Panel in early September and successful applicants will be informed by email shortly thereafter.

3.8 Bursaries are awarded for the current academic year only and cannot be deferred. Applicants who choose to defer their studies will forfeit any awards they have been made but will be considered anew in the year they will begin their studies.

5. Withdrawal of a Bursary

5.1 Misleading information: The University reserves the right to withdraw a bursary from anyone who is found to have misled the University about any aspect of their eligibility and to seek repayment of any monies already paid by appropriate means.

5.2 Mode of Attendance Change: If a student changes to a different mode of study, their eligibility for a bursary will be reviewed. The bursary will be withdrawn if the change is from full time to part time.

5.3 Changing course and starting again at FHEQ Level 4 (Year 1): Students who commence their studies and subsequently make an alteration that involves starting again at Level 4 will not be eligible for a new award against the new course. The existing bursary award will be placed on hold and

reinstated once the student commences Level 5, subject to meeting the annual bursary progression criteria outlined in Section 4. If a student changes course but remains at the same level of study, this will not have an impact on the award.

5.4 Abeyance/Temporary Withdrawal: A student who takes a period of temporary withdrawal (abeyance) and who is in receipt of a bursary award would cease to receive bursary payments whilst temporarily withdrawn. Bursary payments made prior to temporarily withdrawing will not generally be requested to be repaid and remaining payments will generally be paid once the student returns to complete that level of study.

5.5 Suspension of Study: Should a student be suspended for any reason, bursary payments will be withdrawn and consideration of reinstatement will be dependent on the disciplinary outcome.

5.6 Repeat/Extended Study: Periods of temporary withdrawal that result in repeat or extended periods of study are not supported by additional bursary payments. Bursary entitlement is for the maximum duration of each award and entitlement is not extended if overall course duration alters.

5.7 Withdrawal from Study: A student who withdraws from their programme prior to completion and who is in receipt of a bursary award will *not* normally be requested to repay bursary payments made up to the point of withdrawal. However, entitlement to all future bursary payments cease immediately when a student withdraws from Brunel University London.
