Successful recipients will be informed by email shortly after final confirmation of your award.

3.6 The decision of the Admissions Tutor and Scholarship Allocation Panel is final. The University will not accept any appeals in respect of scholarship allocation.

4. Conditions of Payment

4.1 Only one scholarship can be paid to any one student in any one year. If an applicant applies for and is awarded one of Brunel's International Scholarships they will not be awarded and will retain the Dean's Scholarship.

4.2 Scholarships are awarded for the September entry of the academic year 2021/22 only and cannot be deferred to later months or years of entry. Course applicants who intend to defer their studies will lose any award they have been made and must be reconsidered for a scholarship in the year they will begin their studies.

4.3 Scholarship awardees will be responsible for paying the remainder of their tuition fees after the scholarship contribution is deducted from the total fees for the academic year.

4.4 **The scholarship does not replace the deposit of £3,000.** All scholarship winners will need to pay the £3,000 deposit for their course in order to receive an unconditional offer and a Confirmation of Acceptance of Studies (CAS). The amount of their scholarship will be deducted from the remaining fees. This applies to overseas fee paying students only.

4.5 The fee waiver will only be applied provided the student is fully enrolled at the University on the Occupational Therapy (pre-registration), Physiotherapy (pre-registration) or Life Sciences programmes, which includes having had their qualifications and other documentation verified and checked, and then completing the University enrolment procedures. This includes holding the correct visa to study, if appropriate.

4.6 Awarded students will have the opportunity to represent the Physiotherapy, Occupational Therapy, or Life Sciences programme as an ambassador. This would primarily involve taking up opportunities to share your experiences of the professional education at Brunel with potential applicants to the programme. Students will be contacted by the Course Leader or International Recruitment Team as and when required.

4.7 Awarded scholars are excluded from all other University scholarships and tuition fee waivers with the exception of the Postgraduate Academic Excellence Scholarship, the Early Payment Discount and the Family Discount.

The order of discounts will be applied as follows:

1. Scholarship/bursary fee waiver applied to the full annual tuition fee.
2. 10% Brunel Family Discount applied to the net tuition fee.
3. 15% Graduate discount applied to the net tuition fee;
4. 2% Early payment discount applied to the net tuition fee.

Further information about tuition fee discounts can be found in the [Student Financial Policy](#).

- 4.8 The scholarship will be awarded each academic year, provided the student progresses to the next level of study, three years maximum for the BSc programme and two years maximum for the MSc programme. Scholarship payments will not be made during a repeating year, regardless of the reason for repeating a year.
- 4.9 Where a scholarship spans more than one year, students will be written to in September (or when progression is determined) to confirm ongoing eligibility to receive their scholarship award.

5. Withdrawal of scholarship

- 5.1 Misleading information:** The University reserves the right to withdraw a scholarship from anyone who is found to have misled the University about any aspect of their eligibility and to seek repayment of any monies already paid by appropriate means.
- 5.2 Mode of Attendance Change:** If a student changes to different mode of study, their eligibility for a scholarship will be reviewed. The scholarship will be withdrawn if the change is from full time to part time or distance learning.
- 5.3 Changing course:** If a student transfers to a course of study outside the courses stated in section 2 of these terms and conditions, the scholarship will be withdrawn.
- 5.4 Changing course and starting again at FHEQ Level 4 (Year 1) (Undergraduates):** Students who commence their studies and subsequently make an alteration that involves starting again at FHEQ Level 4 will not be eligible for a new award against the new course. The existing scholarship will be placed on hold and reinstated once the student commences FHEQ Level 5, subject to meeting the annual scholarship progression criteria outlined in Section 4. If a student changes course but remains at the same level of study, this will have no impact on the award. Progression criteria as stipulated above will still apply.
- 5.5 Amendment of Fee Waivers:** Fee waivers are applied at the start of the academic year as part/all of a scholarship entitlement and will not be amended once the fee waiver has been processed. Any tuition fee liability remaining after fee waivers are applied would therefore be calculated in accordance with the [Student Financial Policy](#).
- 5.6 Abeyance/Temporary Withdrawal:** In the case of withdrawal or abeyance the tuition fee and the fee waiver are calculated in accordance with the [Student Financial Policy](#).
- 5.7 Suspension of Study:** Should a student be suspended for any reason, scholarship payments will be withdrawn and consideration of reinstatement will be dependent on the disciplinary outcome.
- 5.8 Repeat/Extended Study:** Periods of temporary withdrawal that result in repeat or extended periods of study are not supported by additional scholarship payments. Scholarship entitlement is for the maximum duration of each award and entitlement is not extended if overall course duration alters.

5.9 Withdrawal from Study: A student who withdraws from their programme prior to completion and who is in receipt of a scholarship award will not normally be requested to repay scholarship payments made up to the point of withdrawal. However, entitlement to all future scholarship payments cease immediately if a student withdraws.
