

## **Debt Management Policy – Students**

### **Introduction**

This document sets out the policy of the University in relation to student debt, along with the debt management procedures followed. The policy relates to all fees and charges payable to the University by current and former students for tuition, accommodation, library services and other miscellaneous services. The Policy applies to all students; full-time, part-time, undergraduate, postgraduate, UK, EU, and International.

The Head of Projects and Policies is responsible for managing and reviewing this policy. Finance staff within the Income and Credit Control department are responsible for the effective operation of debt management procedures. All University staff are expected to be familiar with this policy and to contribute to its effective implementation.

### **Support to Students**

In applying the policy, the University will at all times seek to be sympathetic to individual students' financial circumstances. However, for the University to do so, students must engage in dialogue with the University if they are experiencing difficulties. Students experiencing difficulties in paying any fees and charges should seek help at the earliest opportunity by contacting the University's Student Services Centre, either:

- through the website: <https://intra.brunel.ac.uk/s/studentcentre/Pages/default.aspx>
- by email: [student.centre@brunel.ac.uk](mailto:student.centre@brunel.ac.uk);
- by telephone on 01895 268268;
- visiting the Student Centre during opening hours (no appointment necessary)

### **Tuition Fees**

Tuition fees are set by Council each year, following recommendations on the overall tuition fees framework by Senate. Information about:

### **Additional Terms for Payment of Tuition Fees by a Sponsor**

A sponsor is a commercial or charitable organisation providing full, or part funding, of a Student's Tuition Fees. A sponsor may be the Student's employer, Government embassy, charity or other company. However a parent, other relative, or friend is not classified as a sponsor. For the purposes of this policy, the Student Loans Company, Research Councils, Local Authorities and Library Boards are also not classified as sponsors.

Students in receipt of sponsorship from a sponsor must provide a letter of confirmation to the University's Registry on the sponsor's official letterhead in order to be enrolled onto their course of study.

Sponsors will be invoiced for their contribution to the Student's fees after the Student has been enrolled. Payment must be made in full by the sponsor within 30 days from the date of invoice. Instalment payments are not offered to sponsors.

Where the Student's Fees are to be paid by a sponsor it shall remain the personal responsibility of the Student to ensure that their Fees and sundry charges are paid in full. This means that any amounts unpaid by the sponsor will become payable by the Student.

### **Accommodation Fees**

The University's accommodation charges and application procedures including contacts are set on the [Accommodation and Residences intranet page](#).

Rent payments are due at the beginning of each term in October, January and April, timed to coincide with maintenance loan payments from the Student Loan Company. Post-graduate students may have an additional instalment due in May.

In the event of late payment, overdue letters will be sent after each instalment due date. In addition, the student's e-vision account will display an account query message where the total outstanding exceeds £25 and is seven or more days overdue. Late payment will incur an additional £50 charge for each instalment that remains unpaid by the additional deadline allowed by the overdue letter. Continued non-payment will ultimately result in eviction proceedings.

## **Sundry Charges Including Fines**

Sundry charges are any fees owed to the University for services other than Tuition Fees or Accommodation Fees. Examples of a sundry charge are books, field trips, computer printing or library fines.

The arrangements for paying a sundry charge will be explained by the University College or Department making the charge.

Where an official University invoice has been raised, payment becomes due immediately. In the event of late payment, the student's e-vision account will display an account query message where the total outstanding exceeds £25 and is seven or more days overdue.

## **Consequences of Non-Payment of Debts**

Students will not normally be allowed to re-enrol for the next year of their programme whilst they have a debt relating to payment of tuition fees to the University.

The University may refuse an application for University Accommodation from a returning student if they have a poor payment record for accommodation fees.

Steps to enforce settlement of debt for all outstanding fees and charges will be taken against all current and former students who have failed to engage with the University to find a solution to any outstanding debt, or who have failed to honour agreements to pay. These steps may include the placement of the debt with an external debt collection agency who will take legal action through the courts to recover the debt.

No award shall normally be made or conferred on a student with a debt relating to payment of tuition fees to the University.

## **Review of Policy**

The Debt Management Policy will be reviewed by the Head of Projects and Policies on an annual basis.
