Welcome

My name is Tariq Suleman and I would like to welcome you to Brunel University London. I want to take this opportunity to tell you about the GMB Union and what GMB does on behalf of our members.

I am passionate about people and I enjoy representing members resolving issues, disputes and believe strongly that every voice should be heard. Here at the GMB we believe that our members are our family in solidarity.

Please feel free to reach out to me if you have any questions relating to joining the GMB or a confidential chat for the support available to you as a member.

WHY JOIN GMB UNION?

Being a GMB member means that **someone is always on your side**. It is our job to make sure we get you better pay and better terms and conditions. We will also be there when you need us for employment advice, representation and support even just for a chat

GMB is a trade union for everyone. We have members in every job imaginable in the public sector and in private companies; members who work full time, part time, are apprentices or working students.

Staff work sometimes more hours than they should, but the hours you work, your health and safety and your pay are covered by employment rights and when employers fall foul of the law that's where the GMB can step in and help. We can also accompany you to a disciplinary, grievance hearings or offer advice on next steps for resolutions.

There are lots of other benefits, like discounted products and days out that you will have the opportunity to enjoy too. Take a look [GMB Extra | Find out what you can benefit from](#)
