1. INTRODUCTION

1.1 Purpose

The purpose of this policy is to set out the procedure to be followed when organising business travel to ensure that travellers are safe, their wellbeing is considered and that the travel arrangements made represent value for money for the University.

This policy also provides guidance to employees when claiming expenses that have been incurred by when undertaking activities on behalf of the University. It includes details of the types of expenses that can be claimed.

The procedure to claim expenses is through CHIME¹ and further explanation regarding this process can be found on the IntraBrunel CHIME pages: <https://intra.brunel.ac.uk/s/CHIME/Pages/CHIME-Training-Staff-Expenses-.aspx>

As a core principle, **all expenses incurred must be wholly, necessarily, and exclusively incurred during University business** and reimbursed to employees on a nil-gain nil-loss basis.

Adhering to this policy will ensure:

- compliance with the University's responsibility of duty of care for employees;
- value for money: the value for money will be measured in terms of the total cost of the travel, employee time, reasonable adjustments and opportunity costs, which include the likelihood of travel arrangements changing that may impact on the ticket type purchased;
- compliance with HMRC rules and requirements for tax dispensation;
- compliance with the University's Financial Regulations;
- fairness, transparency and equity of treatment of all employees.

Provided the procedures set out herein are followed, employees will be covered by the University's Travel Insurance Policy and no additional tax or National Insurance contribution liability will arise. Employees will not need to report details within their tax return.

This policy works in conjunction with other Finance policies including policies governing the use of Caxton Cash Cards and Barclaycard Procurement Cards. For further information in respect of these please review the relevant policy.

It is brought to the attention of all traveling employees that failure to follow the policy may result in not being covered by the Travel Insurance Policy and, where the policy has been deliberately circumvented, disciplinary action may be taken by the University if warranted. The University reserves the right to refuse reimbursement of any claim which is deemed to not adhere to this Policy.

1.2 Guiding Principles

Employees and Authorisers (i.e. **Subproject owner / Financial Approver**) have the following responsibilities:

- to exercise sensible judgement in determining the most cost-efficient means of carrying out the University's business including choosing the most cost-effective form of transportation and staying within HMRC approved subsistence rates;
- to question if travel is essential, employees are encouraged to use conference calls and video conferencing facilities to avoid unnecessary travel where appropriate;
- to ensure that the number of people travelling is kept to an absolute minimum;

¹ The University's central business system or ERP.

- to ensure that all travel and accommodation is booked through Clarity (Go2Book portal), the University approved supplier; any bookings not made through the supplier may be rejected for reimbursement with payment to be settled by the employee;
- to ensure that all travel is arranged and undertaken with due concern for employee's safety;
- where claimants have individual needs relating to a disability that require adjustments to be made, discussions should be held with the individual to agree the most practical mode of transportation suitable for them. HR and Occupational Health should be involved in these discussions and the Reward and Wellbeing team advised in writing of what has been agreed so they are fully aware;
- to ensure the right approval is in place and keep all receipts to ensure expenses are not rejected and that there is a correct audit trail;
- to remain in contact with the University/line manager whilst engaged on any work abroad on a regular basis.

1.3 Scope

This policy applies only to the following group of people:

- all University employees excluding Hourly Paid Lecturers;
- student workers (Job Shop).

The HR Directorate's Reward and Wellbeing Team will pay all reasonable expenses incurred by employees and student workers (not students) whilst they carry out their duty that comply with this policy.

The policy does not apply to:

- individuals who are self-employed or work as contractors or consultants for the University²;
- employees who may undertake private work for other organisations. In these cases, the responsibility for repayment lies with the organisation for which the private work has been undertaken;
- Hourly Paid Lecturers as there is currently no process flow for this group of employees to enable approval of claims submitted. This is an area of development;
- students of the University, unless employed via Job Shop.

Third party individuals who incur costs as a direct result of work undertaken for the University will need to complete "NON-STAFF" Expenses claim [form](#) where the University's Accounts Payable department will make reimbursement.

External Funding - Please note that this Policy applies to funds administered by the University as well as those secured through 3rd parties such as research grants and contracts. Where grant funding rules are less strict than this Policy, then this **Policy** (*which has been drafted in accordance with HMRC guidance*) **will prevail**.

Where an employee becomes aware of such a conflict they should raise it with the Research Support & Development Office and/or Finance at the earliest opportunity so that it may be addressed either through an amendment or via financial management of the grant.

1.4 Roles and Responsibilities in Processing Expenses

This document forms part of the University's Financial Regulations. It is the responsibility of all Vice-Provosts and Vice Provost and Deans, Directors/Heads of Department and Line Managers responsible for budgetary control to ensure all employees and authorisers are fully aware of the contents of this policy.

In processing expenses claims, the employee, their line manager, the relevant Financial Approver based on the Department, as well as Brunel Expenses Department have the following responsibilities:

Claimant

² Contracts for services should expressly state that expenses claimed by contractors or consultants should be in line with the policy for employees.

The employee is responsible for ensuring that:

- authoriser approval has been obtained **prior** to the expenditure being incurred;
- overseas travel has been authorised on the Travel Request Form, in CHIME (applies to employees but not for Job Shop students);
- any expense incurred will be wholly, necessarily, and exclusively in respect of business carried out on behalf of the University;
- the claim fully complies with all the requirements set out in this policy document;
- the expenses claim is supported with original detailed receipts or, in the exceptional cases where such receipts could not reasonably be obtained, a full explanation has been provided;
- expenses are submitted in a timely manner, and within three months of the expense being incurred.

Authoriser (Subproject Owner/ Financial Approver)

In authorising payment of claims, the Authoriser has responsibility to ensure that:

- the expense claimed was wholly, necessarily, and exclusively in respect of business carried out on behalf of the University;
- the expenses claimed are supported with original detailed receipts or, in the exceptional cases where such receipts could not reasonably be obtained, a full explanation has been provided;
- the claim fully complies with all the requirements set out in this policy;
- the expenses input are correct and valid Financial codes entered;
- the expenses are processed within three months of the claim being incurred.

Brunel University London Payroll Team

The University's HR Directorate (Reward and Wellbeing Team) is responsible for ensuring that:

- only authorised expenses are processed;
- the expenses claims are supported with original detailed receipts or, in the exceptional cases where such receipts could not reasonably be obtained, a full explanation has been provided;
- the claims fully comply with all the requirements set out in this policy;
- the items and amounts claimed are authorised in line with allowable expenses listed in this document and are free of tax;
- where an expense has been submitted which may have tax implications, **this will not be processed** and will be referred to the Associate Director – Reward and Wellbeing who will liaise with the authoriser before any reimbursement is made.

1.5 Relocation Expenses

The University operates a discretionary Relocation Scheme that may be available to new employees, depending upon circumstances, eligibility, and the availability of funding from the department/grant provider. The University Relocation policy / Relocation Expenses fall outside the scope of this policy document. This is covered separately in the HR Relocation policy document found [here](#).

2. EXPENSES

2.1 Expenses Type

The University has two types of expenses:

- employee expenses
- non-employee expenses

2.2 Employee Expenses

This document details the processes regards payment of employee expenses.

2.3 Non-Employee Expenses

Non-employee expenses are processed by the Accounts Payable (AP) Team. Administration of this is outside of the scope of this policy. Please contact: payments@brunel.ac.uk

Non-employee expenses cover:

- third party individuals who incur costs as a direct result of involvement with the University;
- interview expenses where appropriate;
- students who come for interview or Head Start Days and incur travel expenses that can be reimbursed.

2.4 Authority Levels

Expenses cannot be self-authorized and will not be paid until they are authorised in accordance with the University's Scheme of Delegation, within the CHIME system.

The authoriser (Subproject Owner / Financial approver) has a duty to exercise control over costing and to ensure that only legitimate expenses are authorised. Where the employee is incurring costs on behalf of another subproject owner, the authoriser should seek assurance from the employee that the subproject owner has approved such expenditure.

This enables staff to work flexibly across functions where their role requires it yet retains the Authoriser approval to ensure that departmental accountability is in place.

In the case of expenses incurred by the Vice-Chancellor and President, these must be authorised by the Chair of Council or Deputy Chair of Council.

2.5 Entertaining Expenses

Whilst entertaining is accepted as part of normal business relationship building; the University and employees have a responsibility to avoid situations where giving or receiving hospitality can be deemed to have influenced a business decision to ensure compliance with the University's Procurement guidelines.

Where entertaining on campus, please ensure bookings are co-ordinated through local administration colleagues. Expenses relating to entertaining on campus will not be reimbursed.

The following rules apply when offering business hospitality & claiming back expenditure:

- cost of business entertainment must be reasonable and not be considered extravagant;
- there should be more guests / visitors than employees at such events. The ratio is a critical factor if challenged by HMRC. If HMRC deem that there were more employees than visitors, they could determine that event was purely social and thus a benefit in kind and therefore taxable;
- details of all attendees must be entered on the Expenses Claim form together with the business relationship of individuals in attendance;
- the purpose of the entertainment should be articulated;
- wherever possible entertainment should be on the University's premises;
- the University will meet reasonable costs for provision of alcohol (such as wine or beer but not spirits) however excessive quantities are not permissible;
- reasonable amount(s) will be allowed for gratuities when shown on the receipt.

2.6 Receipts

To comply with HMRC requirements, expenses reimbursement will only be made where items on an expense claim are supported by a valid receipt (uploaded to CHIME - electronic copies acceptable). A valid receipt where possible should include:

- company / vendor name and address;
- date of transaction;
- breakdown of items;
- total amount due.

Claims that are not supported by receipts may have to be treated as taxable payments or be refused.

Where a vendor cannot provide a printed receipt, the employee should ask the vendor to provide a hand-written receipt and this should be stamped clearly stating supplier details, date of transaction and a list of details of items purchased.

Credit and debit card transaction receipts are not considered valid receipts and will not be accepted. Evidence of purchases such as bank statements are also not acceptable.

Printouts/Emails of online bookings with full details and costs of items purchased can be accepted.

Where expenses are shared, e.g. in the case of meals, and where receipts or copy receipts are unavailable, reimbursement may be made if the nature and circumstances of the expense incurred are clearly stated.

2.7 Claims Deadline

Employees are encouraged to complete claims on-line promptly to ensure financial information is up to date and to avoid delay in settlement.

Claims authorised after the Payroll deadline, which is typically the 10th of the month, will be paid the following month. The University **will not raise advances** for any late claims. It is therefore both the employee and their Authoriser's responsibility to present claims in a timely manner.

Claims should be submitted within 3 months from the end of the month in which the expense is incurred. Any claims made after 3 months will not be reimbursed and will need to be referred to University CFO for additional authorisation before payment will be made.

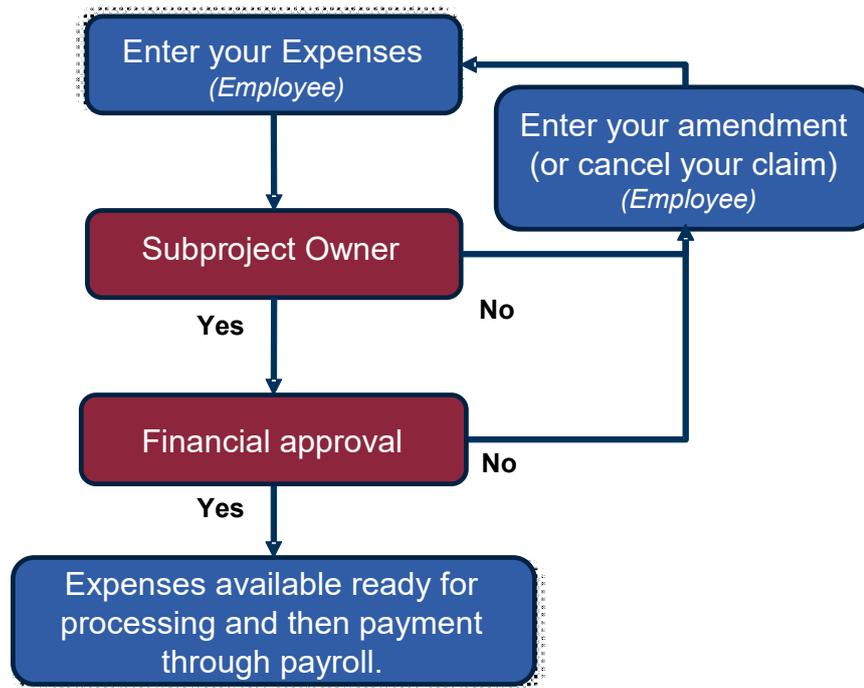

2.8 Rejected Claims

Claims that do not comply fully with this Policy, or where there is missing information or receipts, may be rejected and returned unpaid to the employee by the authorising officer, or deleted by the Reward and Wellbeing Team following communication with the claimant / authoriser.

2.9 Foreign Currency Payments

Where an employee has incurred expenditure in foreign currency, the employee will be responsible for claiming the expense at a conversion rate they can justify. CHIME will automatically use the University's agreed exchange rate as on the date of the expense to convert foreign currency amounts into GBP. This rate can be overwritten by the employee at time of entry with an appropriate alternative rate in force at the time. This new rate must be supported by an attached credit card statement or Bureau de Change receipt showing the rate used to convert the currency to GBP. An original receipt must also be attached to support the actual expense being claimed.

2.10 Employee Expenses Payment Flow Diagram

If you are the claimant and the subproject owner, the claim will not be directed to you but will go directly to the financial approver. If you are all three parties, the claim will be re-directed to another party within the Financial Approval Group.

3. BUSINESS TRAVEL

3.1 Definition

Business travel is defined as travel primarily for a necessary business purpose between one workplace and another. This does not cover home to work travel (*as defined in the Contract of Employment*) for which a claim is not permitted.

The only exception to this is for employees who are entitled to reimbursement in accordance with the University's Relocation Policy.

3.2 Travel Policy

As a general principle, both the employee and their authoriser should always consider the following before making any travel arrangements:

- consider if the journey is necessary, can the meeting take place via video conferencing / telephone?
- where a journey is necessary, consider the most cost-effective mode of transportation. As a rule, use public transportation rather than car;
- cars should only be used where it is more cost effective than other modes of transportation (*i.e. where several employees are going to same meeting and car/taxi share*);
- to use the University's preferred travel supplier (Clarity via [Go2Book](#)) in all cases;
- wherever possible try to make travel reservations early to take advantage of cheaper fares and accommodation.

3.3 Approved Methods of Booking Travel

When booking travel, employees together with their authoriser have a responsibility to ensure that the method of transport chosen offers the best value for money but at the same time considers expediency, personal safety as well as the environment.

This approach has been taken to protect the University from inappropriate expenditure and ensures that funds are used efficiently and effectively.

3.4 Use of Approved Supplier

The University's preferred travel service supplier is [Clarity](#). All travel and accommodation must be arranged through the preferred supplier and only in exceptional circumstances will a reimbursement be made to an employee for travel costs accrued. Any queries in this regard should be discussed with the Reward and Wellbeing Team **in advance** of any costs being incurred to ensure approval is in place to process a reimbursement. The preferred supplier will endeavour to source the most economical options, and provide a Price Match guarantee³ which is further detailed on the [Booking platform](#).

3.5 Overseas Travel

In the case of overseas travel, particularly where the costs are to be funded by the University, it is necessary to justify the journey. This should be in the form of submitting a travel request form to the line manager on CHIME

Prior approval must be obtained before undertaking the journey as per the schedule in section 2.4.

3.6 Pre-Trip Approval

The University has a legal and moral duty of care to do what is reasonably practical to protect the health and safety of its employees, both in the workplace and when they are travelling on business.

Both employees and their authoriser therefore have a responsibility to ensure they follow the pre-approval process.

This is even more important where employee(s) travel abroad for work. A full Health, Safety and Risk Assessment must be carried out before travel can be authorised.

3.7 Health and Safety whilst traveling

Advice on health and safety issues can be obtained from [here](#).

3.8 Risk Management

All overseas activities carried out by staff and students require a risk assessment. The Risk Assessment Checklist can be found [here](#).

3.9 Travel Insurance

University travel insurance **MUST** be arranged at the time of booking any overseas travel.

If travelling within the UK and pre-booked air or rail travel is used and where personal or University property of significant value is being carried, it is recommended that University travel insurance is arranged. Whilst University travel insurance covers medical treatment for overseas, it is excluded for UK travel. Brunel has blanket travel insurance in place. Employees can apply for this on-line on the Brunel Intranet [here](#) and complete the on-line form (*which covers both UK and Overseas travel*). Once the form is

³ Terms and conditions will apply – which can be read on Ian Allan Travel website

completed the Head of Department will receive notification and the staff member will automatically receive their travel policy electronically.

Additional information regarding travel insurance can be found under the **Frequently Asked Questions** section (Appendix 2) of this document.

4. TRAVEL BY CAR / RENTAL / TAXI

When employee(s) use their own car for University business, they will be personally liable for any incident or accident, not the University. **Drivers must ensure that their own private motor insurance policy is comprehensive and permits the use of their car for University business.** Mileage rates will apply.

Where a rental vehicle is arranged, the employee retains reasonable responsibility for the vehicle in their care. Whilst it is assumed the insurance will be arranged with the rental hire company, the employee will remain responsible for all costs incurred that are not covered by the insurance, as well as costs for any fines or parking tickets received.

The use of Taxis (via Clarity's booking portal) is by exception, further details on when reimbursements will be made are provided in the Appendix 1.

4.1 Difference between Ordinary Commuting & Temporary Place of Work

- **Ordinary Place of Work** – Claims for travel between home and the normal or permanent place of work, are not allowable.
The place of work is defined as an employee's permanent workplace if they attend it regularly for the performance of their employment duties.
- **Temporary Place of Work** – Claims for travel to a temporary place of work may be tax allowable. The work place is considered temporary if an employee attends only to perform a task for a limited period or for a temporary purpose. HMRC consider a period not exceeding 24 months as temporary. A temporary workplace can also be in a location significantly removed from the employee's normal place of work for it to be considered under these rules. Please see [here](#)

4.2 Employees who are contracted to Work from Home

Whether or not an employee's home is their workplace does not affect the availability of tax relief for travel expenses. So even though it may have been accepted that the employee's home is a workplace, it does not necessarily follow that they will be entitled to tax relief for the cost of travel between their home and a permanent workplace. This is because the place where an employee lives will ordinarily be down to their personal choice. The expense of travelling from their home to any other place is a consequence of that personal choice; not an objective requirement of the job. Please see [here](#).

4.3 Employees with more than one workplace at same time

An employee who is required to make regular attendance at more than one workplace may have more than one permanent workplace during the same period. Please see [here](#).

The indicators of a workplace being a second permanent workplace includes:

- the employee regularly performs a significant part of their duties there;
- people would expect to be able to contact the employee at the second location;
- the employee has an office, or desk, and support services at the second workplace which he or she regularly uses;
- the employee performs similar tasks at each workplace; and
- the employee does not attend the workplace solely to do specific tasks such as attendance at a specially arranged meeting.

4.4 Emergency Call Out / Stand By

Travel from home to work to attend an emergency call-out, even outside normal working hours, is regarded by HMRC as ordinary commuting and therefore cannot be claimed.

4.5 Out of Hours Working

Where an employee is required to work exceptionally late they can be reimbursed a taxi fare home. This is allowable if:

- it has been authorised in advance;
- the employee is required to work later than usual (e.g. at least 9:00pm);
- this occurs irregularly. (If taxi fares are regular or frequent, e.g. every Friday or appears to form an informal work pattern, than this may become subject to incurring a tax liability);
- where it is considered safer to travel by taxi than public transport at night.

5. TRAVELLING WITH A COMPANION

A companion (*i.e. spouse, partner, or friend*) may travel with a University employee on a business trip if the partner does not travel at the University's expense.

The partner's travel costs must be invoiced and paid for privately. This can be arranged by contacting the University's approved supplier who can book the entire trip but ensuring that the University is only invoiced for the employee's travel costs.

Travel insurance will be for the responsibility of the companion and will not be covered by the University's business travel insurance.

Where additional expenses are incurred during the trip and receipts include both employee and partner costs, the employee can only claim back the proportion of the cost that relates to their business expense.

6. COMBINING BUSINESS AND PERSONAL TRIPS

Combining business and personal travel is acceptable ONLY where the employee meets all the costs related to the "personal" element of their trip and travel has been preapproved by authorising manager.

Where travelling overseas for business, the University will reimburse the return flight home provided that the cost of such is no more than it would have been had the employee returned home immediately following conference/business meeting. Private travel insurance must be taken out for the portion of the trip that is personal.

6.1 Loyalty Programmes

When setting up a profile with the approved supplier in advance of booking travel or accommodation, an employee has the option to provide their loyalty programme details; for example, in respect of membership to air miles. Please be aware that by entering your loyalty programmes into your profile and bookings there may be a tax liability which would be the employee's responsibility to report to HMRC.

7. ENGAGING WITH INDIVIDUALS OVERSEAS

Employees who engage with individuals overseas to help with their research, e.g. translation services, must ensure that any payment made follows the University's policy with regards to the engagement of individuals. Advice can be sought in advance of engaging these services from the Human Resources Directorate.

Reimbursement may be via an invoice (which would need to be arranged with Payments Office in advance) or as an alternative via a non-staff expenses form with overseas banking information provided. In exceptional circumstances, the employee may wish to explore whether the Caxton Card would be appropriate, in which event, please be directed to the policy. This expenditure cannot be claimed as an expense reimbursement.

The University must be very clear not to create a “presence” in an overseas country as this may lead to income tax and social security liabilities in the overseas area. It must be clear from both the University’s perspective, and the individual’s, where any income tax or social security liabilities lie. This is detailed within the Global Mobility Policy.
